

LEADERSHIP WORKSHOP

Women in Aviation, Int'l Conference
Orlando, FL

LEADERSHIP...

There is a lot of literature on the Internet
and in book stores

It is not enough to read about it

It is ALL good knowledge, “nice to know”
information

I feel Leadership is a *consequence*

Female Leaders in European aviation

Marie Marvingt - 1909 *Aviation Sanitaire* French air medical service

Lyubov Golanchikova - WWI Russian a/c factory test pilot

Pauline Gower - WWII head of women's section of the Air Transport Auxilliary

Female Leaders in European aviation

Dorothy Spicer, UK - first all-round fully qualified ground engineer and pilot

Lady Heath, Ireland - by 1924 a well-known pilot and campaigner for women's rights

Turi Wideroe, NL - 1961 first female commercial airline pilot for major airlines outside of Russia

LEADERSHIP... *a consequence*

Need a goal and work towards it

Involve as many people as are willing to participate to achieve the common goal

Have the courage to act

Don't lose track of the goal

LEADERSHIP... *a consequence*

Remain focused

Remain positive and enthusiastic

Accountability, availability, answer questions and doubts

Live intentionally, with dedication, as an example, an inspiration

LEADERSHIP... *a consequence*

Leader:

Believe in being successful ALWAYS

Research and keep informed

Attend aviation events - visibility

Successful Network strategy

Volunteer personal growth

LEADERSHIP... *a consequence*

Leader:

Keep a grip on reality

Clarity, remain open and communicate clearly

A follower AND a good listener

Persevere and be determined and ...
persevere

AWE COMMON GOAL

To foster, promote and engage in aviation education, particularly as it relates to women in aviation. This includes encouraging women to seek opportunities in aviation.

The long term goal is to create a source of information and professional opportunities for women in European aerospace and aviation.

TEAM WORK

An obvious choice: one cannot do everything alone

The positive assets and uniqueness of each team member take the team results further

Share information and a common goal

Share the successes ... and the failures: learn from mistakes and move forward

AWE TEAM WORK

Bring the European community together

Networking and support

Create opportunities

Develop leaders

Leadership Workshop - Women in Aviation, Int'l Conference 2007 - Orlando, FL

BEING A LEADER

Leadership ... a consequence

OTHERS make you a leader

YOUR results, determination and
perseverance make you a leader

OTHERS follow your example

BEING A LEADER

Leadership ... a consequence

People watch: if they like what they see, they get involved

Once the momentum gets going volunteers are available and feel the responsibility and importance of their participation and efforts towards the team and the common goal

A SUCCESSFUL LEADER

Leadership ... a consequence

Realizes something is missing and creates it

Commits time, energy, resources and determination

Is creative - no template to work on

BELIEVES and has courage

Is focused

Leadership Workshop - Women in Aviation, Int'l Conference 2007 - Orlando, FL

A SUCCESSFUL LEADER

Leadership ... a consequence

Keeps a pad and pen always handy

*- inspirations usually come in the middle
of the night*

A SUCCESSFUL LEADER

Leadership ... a consequence

*Create movement, “PEBBLE IN THE POND”
action*

Stand back and observe

Trust

Share experiences

Humble

A SUCCESSFUL LEADER

Leadership ... a consequence

Acknowledge efforts & give merit where due

Give constructive feedback and when necessary ... make tough decisions

Productive conflict

Develops talents in others

Creates future leaders

THANK YOU

To the WAI Chapter Family

To the European members
